

Songs were eligible for the Tune of the Year vote if they finished in the top 3 in one of the weekly votes (or were in “top of 2024” episodes). The poll app’s authentication was used to ensure no one person voted more than once; the votes of repeat IP addresses were consolidated. The number of points each track gained from a voter equaled the number of tracks that voter voted for. Instructions required that voters vote for at least 3 distinct tunes, and that each vote had more weight the more songs a person voted for. Here are the voting results.
